

BACKGROUND SCREENING FOR

Schools & Universities

While many priorities and needs may shift, two priorities that will never change are the importance of education and the safety of your faculty and students. That's where we can help. We are a nationwide, accredited, woman-owned company providing a level of service not easily found today. Hire Image has many 'human touch' differentiators that set us apart, including:

- Engaging in extensive discovery to learn more about your school, your needs, and your pain points
- Onboarding at your pace, including a dedicated account representative, an account set-up meeting, and live training
- Providing accurate results, with some of the fastest turnaround times in the industry
- Providing outstanding customer service with our US based operations (no-offshoring), live phone answering, knowledgeable FCRA certified staff, and expedited resolutions

We understand the unique needs of operating a higher education institution and can customize any background screening package to best meet your needs.
